

Flexi VNA AC

Flexi VNA Works with aisles as narrow as 72"

Full 2900 lb lift capacity and lift heights to 25 feet
Designed to bring Flexi articulated space saving and handling efficiency to existing guided VNA warehouses

Operational performance
Ultra-narrow 39" wide chassis and 230° articulation feature combined with true four wheel stability for fast, safe operation

AC technology
and four cushion rubber wheels for fast stable operation with low energy consumption and service cost

Create up to **30% more** warehouse capacity

Flexi VNA AC works in just 72" aisles

Compact front axle

At just 33" wide it provides maximum clearance in VNA aisles for fast operation.

Clear Vision lift mast

FLEXI operators have excellent visibility thanks to a 'Hi Vis' lift mast which has twin side mounted free lift cylinders. Mast tilt allows easy fork entry into pallets.

Easy battery change

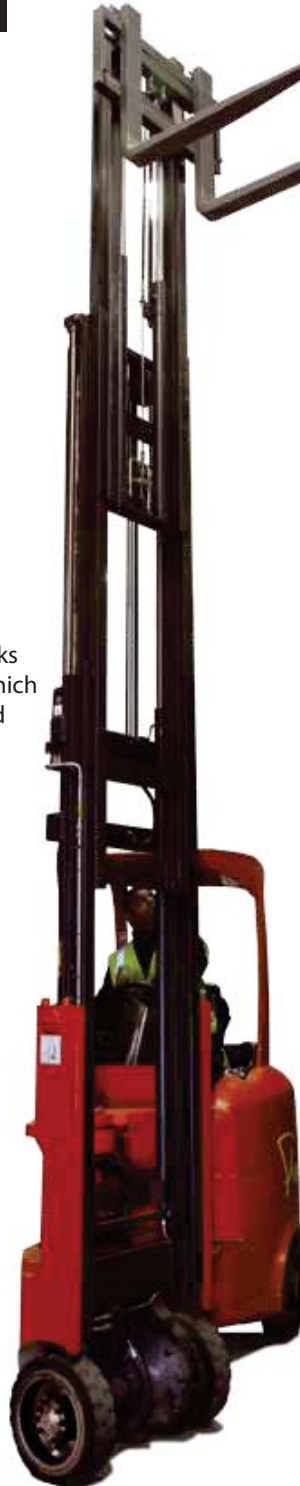

Low lift off or roll off for fast changes. Clear battery access with no components or motors underneath.

True Radius™ chassis

Unique smooth 'True Radius' sides allow 90° stacking with no outer turning radius.

Standard Features

- Adjustable steering column and operators seat
- Powerful energy saving **19.5 KW** AC drive motor.
- Easy access to all service components under drivers seat.

Narrow chassis

39" wide chassis allows 70" VNA operation without guidance.

AC power

Latest AC technology for fast acceleration and safe controlled braking. Integrated fault finding and monitoring.

Tough cushion tires

Four large cushion rubber tires deliver optimum performance and traction. They're also resistant to damage - for longer life and less downtime.

Hi Vis overhead guard

The unique 'Hi Vis' twin post safety guard combines maximum visibility and overhead protection for the operator.

NARROW AISLE, INC

Quality, safety and reliability are our strengths
